**DEPARTMENT OF PATHOLOGICAL ANATOMY AND JUDICIAL MEDICINE
HISTORY AND ACTIVITY**

DEPARTMENT OF PATHOLOGICAL ANATOMY. Founded in 1957. From 1957 to 1965, the department was headed by Associate Professor P.D. Tulyaganov. In 1965-1995, the department was headed by Professor N.G. Alexandrov. Under the leadership of N.G. Aleksandrov, 6 doctors of sciences and 31 candidates of medical sciences were trained. From 1995 to 2001, the department was headed by Associate Professor A.N. Don, from 2001 to 2008 the department was headed by Professor A.S. Churikova, from 2008 to 2014 associate professor Sh.Kh. Hamrakulov. Since 2014, the head is Associate Professor A.R. Mamataliev.

Until 1995, the following employees of the head of the department worked at the Department of Pathological Anatomy. professor N.G.Aleksandrov, assistant professor T.B. Ablyazimova, associate professor. Yusupov I.B., associate professor. Nordkin G.M., associate professor. Don A.N., assistants - Ph.D. Nordkina L.D., Balayan B.G., Yagudaev A.M., Zulunov Yu.Z., Gerasimov N.F., Neiman G.V., Nagai S.G., senior teachers Skachkov Yu.N., Ilinov V.P., Egorova L.V., Levitin V.Ya., Yusupov M.Yu., Ibragimov A., Mamataliev A.R., assistants; Khudoiberdiev Sh.E., Kharinov Sh., Razakov B.Yu., Abdullaev I, Mamazhonov L.M., Tyan D.L., histolaborators L.P. Pilina, N.E. Egorova. other.

At present, the head of the department, associate professor A.R. Mamataliev, associate professor of technical sciences, is working at the department of pathological anatomy. Chartakov D.K., senior teachers Mamatalieva M.A., O.O. Alibekov, assistants Asranov S.A., Khaidarov M.A., Sayidzhanova F.L., Razakov B.Yu., Turgunova D.Z., Abduraimova M.M., Karimzhonov Kh.A., Ibragimov B.I. ... The department is located in the building of pathological anatomy of the AGMI clinic, it consists of 6 classrooms and a museum of macro-preparations.

DEPARTMENT OF FOREIGN MEDICINE - founded in 1959 under the leadership of Associate Professor V.A.Kazhev, who until 1970 headed this department. Since 1970, the department was headed by Associate Professor V.A. Ayrepetov. From 1980 to 2013, the department was headed by Doctor of Medical Sciences, Professor A.S. Churikova. The department is located in the building of forensic medical examination. There are 4 classrooms and 1 lecture hall.

EMPLOYEE INFORMATION

DEPARTMENTS OF PATHOLOGICAL ANATOMY AND FORENSIC MEDICINE (department heads, professors)

	<p>TULYAGANOV FOZIL (1924-2001)</p> <p>In 1952 he graduated from the Tashkent State Medical Institute. He headed the Department of Pathological Anatomy of the ASMI from 1962-1965, In 1966-1968. Department of Pathological Anatomy of the Tashkent Medical Institute. From 1971 to 1976, he headed the Department of Forensic Medicine. He is the author of 96 scientific articles, 2 textbooks and 2 teaching aids on the pathology of the digestive system, endemic goiter and the cardiovascular system. Under his leadership, 1 doctor of medical sciences and 11 candidates of medical sciences were trained.</p>
	<p>ALEXANDROV NIKOLAY (1932-1995).</p> <p>In 1957. - Associate Professor of the Department of Forensic Medicine, from 1965-1995 - Head of the Department Pathological anatomy, professor NG Aleksandrov studied the venous pathology of endemic goiter in the Fergana Valley and developed a complex problem of autoimmune processes in the development of atherosclerosis. 5 doctoral and 31 candidate dissertations were defended under his supervision.</p>
	<p>CHURIKOVA ALEXANDRA - Graduated from ASMI in 1963. Professor Churikova A.S. Under her leadership, 1 candidate and 1 doctoral dissertations were defended, more than 12 clinical residents were trained. In her work, she has published over 400 scientific articles and over 60 textbooks. She is the author of over 60 improvement proposals.</p>
	<p>DON ANDREI 1995-1999 Head of the Department of Pathological Anatomy, Associate Professor.</p> <p>Under his guidance, the anti-atherosclerotic effects of triterpene saponins were studied. Author of over 200 scientific articles and abstracts, 2 inventions, 20 rationalization proposals and 2 teaching aids, more than 40 teaching aids. During his work at the department, along with scientific research work, he paid serious attention to the educational process and its development.</p>

MAMATALIEV AVAZBEK - Associate Professor, Ph.D. - Heads the department from 2014 to the present.

He published about 40 scientific articles, more than 60 theses, 2 study guides, about 50 study guides and 8 proposals for rationalization, which were published and implemented.

SUBJECTS CONDUCTED AT THE DEPARTMENT OF PATHOLOGICAL ANATOMY AND FORENSIC MEDICINE

BACHELOR

- Pathological anatomy
- Forensic Medicine
- Biopsy course
- Legal basis for the activity of a doctor
- Bioethics
- Legal basis of medical practice
- Legal basis of a forensic doctor
- Drug test

MASTER

- Forensic Medicine

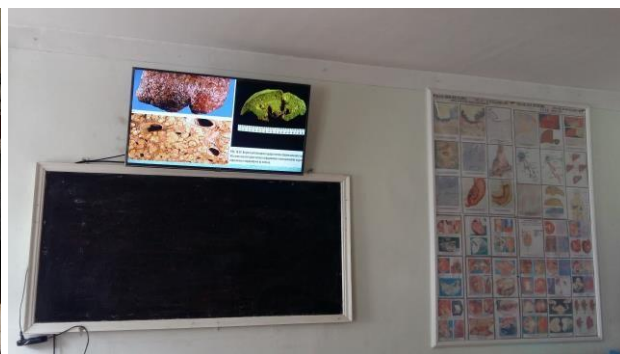

CLINICAL ORDINATURE

- Pathological anatomy
- Forensic medicine

EQUIPMENT OF THE DEPARTMENT OF PATHOLOGICAL ANATOMY AND FORENSIC MEDICINE

(lectures and seminars are held in Uzbek, Russian and English)

SCIENTIFIC DIRECTION OF THE DEPARTMENT OF PATHOLOGICAL ANATOMY AND JUDICIAL MEDICINE

For pathomorphology:

1. The study of new anti-atherosclerotic drugs.
2. Study of the relationship of vascular pathology (atherosclerosis) with endemic goiter.

For forensic medicine:

1. Epidemiology and pathomorphology of atherosclerosis of the aorta and coronary arteries in the population of the Fergana Valley.
