UZBEKISTAN**

**ANDIJAN STATE MEDICAL INSTITUTE**

## **Information Letter**

Republican scientific and practical conference with international participation “Simulation training in medicine: problems, solutions, prospects”

Andijan - November 8, 2024

## ***Dear Colleagues!***

We invite you to take part in the Republican scientific and practical conference with international participation on the topic “**Simulation training in medicine: problems, solutions, prospects**”, which will be held on **November 8, 2024** at the Andijan State Medical Institute.

**Conference format:** hybrid (offline, online).

Heads and tutors of simulation training centers, specialists in simulation training in medicine, directors and teachers of medical universities, undergraduate and graduate students, clinical residents, medical specialists of all profiles are invited to participate.

**Rector of the Institute,  
DMSc, Professor**

**M.M.Madazimov**

### **Scientific directions of the conference:**

1. Digital (virtual) technologies in medicine and medical education.
2. Prospects and risks of artificial intelligence in medicine and medical education.
3. Simulation training in higher and continuing medical education, as well as in practical healthcare.
4. Issues of development and implementation of unified curricula, standard assessment systems and simulation modules in medical education.
5. Issues of organization and implementation of research work in the field of simulation training in medicine.

**Reports:** duration of reports is 10 minutes, debates – 3 minutes. Reports can be illustrated with slides and video materials. The presentation of the report must be sent to the organizing committee's e-mail [asmi-361@mail.ru](mailto:asmi-361@mail.ru) with the completion of the report registration card according to the attachment. Please send the electronic form of reports in the form of a presentation indicating the surname of the first author, for example: “Usmonov doklad.pptx”.

**Requirements for the design of articles:** Volume up to 10 pages with 1.5 spacing, margins 2.0 cm (on all sides) only in electronic form in editors compatible with WordforWindows. Font TimesNewRoman, standard 12 point.

Abbreviations are not allowed in article titles. The text of the work is formatted according to the following form: relevance of the topic, purpose of the study, materials and methods of research, results and their discussion, conclusions, list of references.

Articles that meet the requirements and have been reviewed will be published in the scientific and practical journal “**Virtual Technologies in Medicine**” of the all-Russian public organization “Russian Society for Simulation Training in Medicine - ROSOMED”.

Please send the electronic form of articles in the form of a Word.rtf file indicating the surname of the first author, for example: “Usmonov statya.rtf”.

**Requirements for thesis formatting:** Up to 2 pages with 1.0 spacing, 2.0 cm margins (on all sides) only in electronic form in editors compatible with WordforWindows. Font TimesNewRoman, standard 12 point.

Abbreviations are not allowed in thesis titles. The text of the work is formatted according to the following form: relevance, purpose of the study, materials and methods of research, results and their discussion, conclusions.

Theses are sent to the organizing committee in electronic form (Word.rtf file format indicating the surname of the first author, for example: “Usmonov tezis.rtf”) at [asmi-361@mail.ru](mailto:asmi-361@mail.ru) with a note in the subject “Conference”. Abstracts that meet the requirements and have passed the review will be published in the conference digest.

Articles and theses will be accepted **until October 10, 2024**.

***All articles and theses will be checked by the “Anti-Plagiarism” system! Articles and abstracts that do not meet the requirements, contain borrowed materials and have not received a positive review will not be published and will not be returned to the author!***

## Report registration card

1	Author's full name	
2	Scientific degree and academic title	
3	Place of work and position	
4	Conference topics	
5	Titles of the report	
6	Mobile phone number (with Telegram and/or WhatsApp support for feedback)	
7	E-mail	
8	City, Country	

Details and additional information will be posted on the website <http://adti.uz/>

**Venue of the conference and master classes:**

Andijan State Medical Institute.  
Republic of Uzbekistan, Andijan, st.Yu.A.Atabekov's, 1

**Contact for information** (Organizational issues and participation):

Usmonov Umid Donakuzievich.  
Tel.: +998905712144., e-mail: [udusmonov@gmail.com](mailto:udusmonov@gmail.com)

*Firms and manufacturers of simulation and medical equipment and educational literature are invited to participate in the exhibition.*
